

- Højtydende og stabil WiFi løsning
- High-power, indendørs og udendørs Access punkter
- GUI, Cloud, On-premise og In-AP Controller management

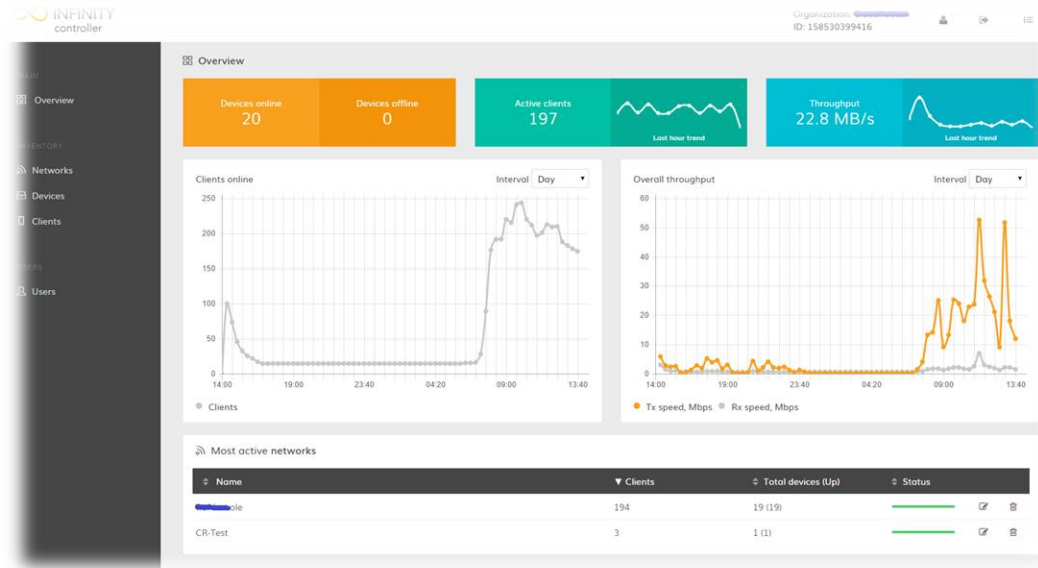

- Velegnet til krævende Triple-Play applikationer
- Høj throughput, 220Mbit @N 40MHz og 1000Mbit @AC
- IPv6 support, SSDP og bonjour for device discovery
- Dual-Flash med secondary-recovery-firmware image
- High-power og performance-optimized radio for håndholdte
- Intelligent arkitektur til at håndtere mange samtidige brugere

Op til 200Mbps TCP Throughput (@40MHz spektrum)

- High-power N Access point
- Small form factor, metal enclosure
- 2.4GHz 802.11bgn (2x2 MiMo) 300Mbps radio
- 2 x 100 Base-T Ethernet with PoE passthrough
- Wall mounting

Op til 200Mbps TCP Throughput (@40MHz spektrum)

- High-performance N Access point
- Powerful AR9341 500 MHz CPU
- 2.4GHz 802.11bgn (2x2 MiMo) 300Mbps radio
- 3 x 100 Base-T with 48 volt 802.3af PoE
- Ceiling and wall mounting options

Op til 200Mbit @ 2,4GHz og 500Mbit @ 5GHz radio Throughput)

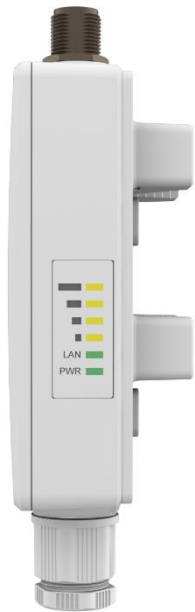

- High-performance, dual-radio AC Access point
- 2.4GHz 802.11bgn (2x2 MiMo) 300Mbps radio
- 5GHz 802.11ac (2x2 MiMo) 867Mbps radio
- Gigabit Ethernet with 48 volt 802.3 af/at PoE
- Ceiling and wall mounting options

Op til 200Mbit @ 2,4GHz og 1000Mbit @ 5GHz radio Throughput)

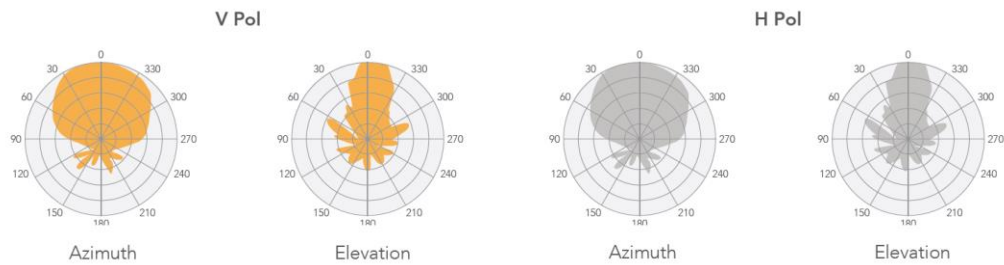

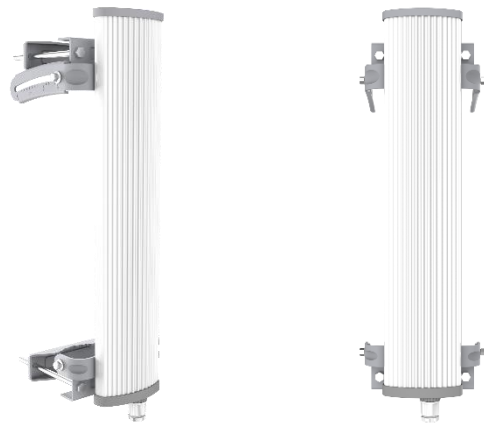

- High-density, dual-radio AC Access point
- 2.4GHz 802.11bgn (3x3 MiMo) 450Mbps radio
- 5GHz 802.11ac (3x3 MiMo) 1300Mbps radio
- Dedicated radio for security and RF management
- 2 x Gigabit Ethernet with 48 volt 802.3 af/at PoE
- Ceiling and wall mounting options

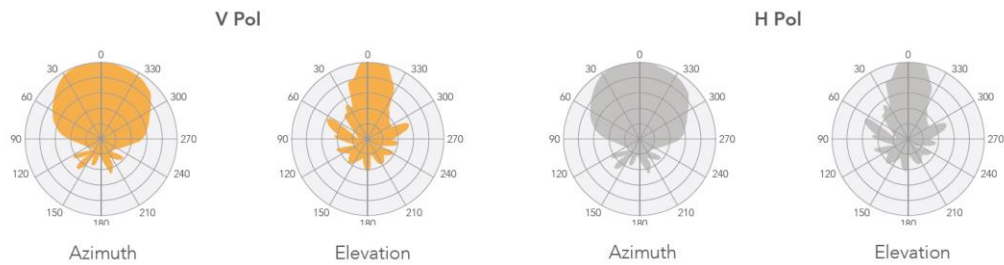

Op til 200Mbps TCP Throughput (@40MHz spektrum)

- High-power, outdoor N Access point
- 2 x N-male connectors for MiMo antenna
- 2.4GHz 802.11bgn (2x2 MiMo) 300Mbps radio
- 100 Base-T Ethernet with 24 volt passive PoE
- Wall and pole mounting option

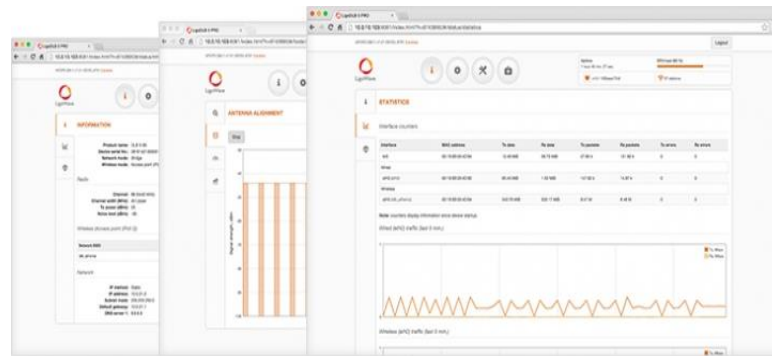

Op til 200Mbps TCP Throughput (@40MHz spektrum)

- High-power, sector outdoor base station
- Integrated 16dBi 2x2 MiMo sector antenna
- 2.4GHz 802.11bgn (2x2 MiMo) 300Mbps radio
- Gigabit Ethernet with 802.3af 48 volt PoE support
- Professional noise immune & weatherproof enclosure

Op til 500 Mbps TCP Throughput (@80MHz spektrum)

- High-power, sector outdoor base station
- Integrated 17dBi 2x2 MiMo sector antenna
- 5GHz 802.11ac (2x2 MiMo) 867Mbps radio
- Gigabit Ethernet with 802.3af 48 volt PoE support
- Professional noise immune & weatherproof enclosure

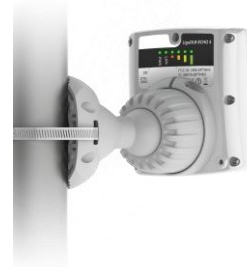

Op til 200Mbit @ 2,4GHz og 500Mbit @ 5GHz radio Throughput)

- High-power, dual-radio outdoor AC Access point
- 4 x N-male connectors for 2,4 & 5GHz antennas
- 2,4GHz & 5GHz 802.11gn/ac (2x2MiMo) 1167Mbps radio
- Gigabit Ethernet with 802.3af 48 volt PoE support
- 4 x N-female for external omni or sector antennas
- Professional noise immune & weatherproof enclosure

Infinity WiFi

DLB backbone

DLB ac backbone

RapidFire backbone

Software applikationer

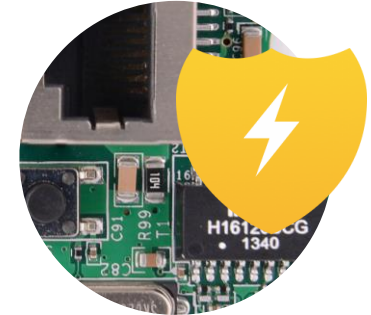

Træning og certificering

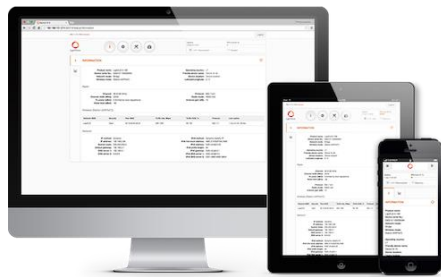

Robust radio design

Professionel udendørs udstyr

Integreret carrier-grade
overspændingsbeskyttelse

Robust og funktionel OS

Overkommelige priser

2 års producent garanti

- Ingen omkostninger til licenser
- Effektiv producent teknisk support
- Stort udvalg af idendørs og udendørs WLAN produkter
- Bedste priser på produkter sammenlignet med ydeevne og funktioner
